“ *I am so sad as Rick was one of a kind. He loved his family deeply and always talked about them going back to working with his dad. I have known and done business with Ricky since the 80's and there is no one who matched his customer service and love for business and his customers who became his friends. We had so many hilarious times and no one matched his dedication and excellence- he was sentimental and loving. . I followed him through 4 company moves over the past 40 years. I am so sad I lost touch with him when he moved to Florida. Last time I saw him was in the hospital a couple years ago. I know I will see Ricky again one day. May he finally be at peace and with his parents.*
